26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
01	Energy & GHG Emissions	Opportunity	Major global shift to EVs requires new electrical components and efficiency.	Strategic R&D investment in E-Mobility (motors, controllers); use of Renewable Energy (solar/wind); implementing ISO 50001 energy management	Positive
02	Water consumption and Effluent discharge	Risk	Inadequate water management poses operational and reputational risks for Lucas TVS, especially in water-stressed regions where manufacturing facilities may face supply disruptions or regulatory constraints.	Minimizing fresh water drawn from the river by maximizing recycling of treated waste effluents within the plant by setting up effluent treatment plants. Focus on waste reduction (10% reduction targets for hazardous and non-hazardous waste) and efficient waste management systems.	Negative
03	Resource efficiency & Circular economy	Opportunity	As Lucas TVS transitions toward sustainable mobility solutions, adopting circular economy	The shift to a Circular Economy (CE) presents a powerful opportunity for Lucas TVS, enabling the	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
			practices—such as remanufacturing, material recovery, and waste minimization—can reduce costs, enhance supply chain resilience, and strengthen ESG performance.	company to enhance profitability, secure its supply chain, and become a preferred supplier in the evolving automotive and e-mobility sectors.	
04	Product Stewardship	Opportunity	Developing a profitable, circular-economy-focused Aftermarket and remanufacturing business for core components.	Focus on Eco-design (incorporating material reduction and recyclability into the design of new EV components). Leverage the existing Lucas TVS strong Aftermarket Service network for collection/take-back.	Positive
05	Opportunities in Clean Tech	Opportunity	The shift from Internal Combustion Engine (ICE) vehicles to Electric Vehicles (EVs) and Hybrids directly impacts the demand for traditional components (e.g., starter motors, alternators) and requires a complete overhaul of the product portfolio.	Capturing major market share in the rapidly growing Indian and global EV components market. The EV segment is expected to drive substantial long-term revenue and profit growth, replacing declining ICE component sale	Positive
06	Biodiversity	Risk	Reputational Damage and loss of social license to operate if operations negatively impact critical local ecosystems (e.g., water bodies near the sites).	Creating and maintaining a substantial green cover (e.g., up to 30% green cover at factory premises, as seen in the broader TVS Group). Developing dedicated green zones/nature reserves	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
				within or adjacent to the industrial area to act as conservation measures (e.g., promoting planting, maintaining diverse flora/fauna).	
07	Occupational Health and safety	Risk	As a manufacturing organization, we operate in environments where physical risks are inherent, making proactive safety management essential. By prioritizing OHS, we not only comply with regulatory standards but also foster a culture of care, reduce workplace incidents, and enhance operational efficiency—aligning with our broader commitment to responsible and sustainable business practices.	Occupational Health and Safety (OHS) presents an opportunity for Lucas TVS to enhance workforce productivity and morale by fostering a safe and supportive work environment. It also strengthens the company's reputation as a responsible employer, attracting talent and building stakeholder trust.	Negative
08	Diversity, Inclusion and Equity	Opportunity	Improved talent acquisition and retention by appealing to a wider pool of candidates. Enhanced innovation and problem-solving capabilities through varied perspectives.	Setting clear targets for increasing gender diversity across various organizational levels, particularly in technical and leadership roles. Implementing equitable and inclusive policies related to hiring, promotion, and compensation to ensure fairness. Providing DEI training for all	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
				employees, especially managers, to foster an inclusive culture and prevent bias. Ensuring a safe and non-discriminatory workplace through clear grievance mechanisms	
09	Human Resource Management and Human Capital development	Opportunity	A mutually beneficial, two-way relationship with the community, anchored by transparency and trust, is critical for Lucas TVS to continue to retain its social license to operate. Human capital availability is identified as an asset to our operations.	Lucas TVS recognizes that societal well-being, encompassing the health and welfare of its employees and communities, is essential for sustainable business. The company's community engagement strategy is therefore concentrated on four areas—Education, Health, Livelihood, and Infrastructure—with the goal of enhancing quality of life and generating employment opportunities.	Positive
10	Sustainable Supply chain management	Opportunity	The sustainability performance of the upstream supply chain (especially regarding labor practices, conflict minerals, and environmental compliance) directly impacts Lucas TVS's reputation and	Implementing a robust Supplier Code of Conduct that covers environmental, social (labor), and governance standards. Conducting Supplier Sustainability Audits and assessments (e.g.,	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
			operational continuity, particularly for global OEMs. Gaining a competitive advantage by being the preferred supplier to global OEMs that prioritize Tier 1 and Tier 2 supply chain sustainability standards.	using SA8000 or similar frameworks) to identify and remediate risks. Prioritizing local sourcing and supporting Micro, Small, and Medium Enterprises (MSMEs) with sustainability mentorship.	
11	Product Quality & Safety	Opportunity	As a manufacturer of critical automotive components (starters, alternators, ignition systems, and increasing EV components), product quality directly relates to vehicle safety, performance, and reliability. High quality is a prerequisite for being a Tier 1 supplier to major OEMs.	Implementing philosophies like Total Quality Management (TQM), Total Productive Maintenance (TPM), and Six Sigma across all plants. Investing heavily in R&D and validation to ensure products meet stringent durability, performance, and safety standards under all operating conditions.	Positive
12	Economic performance	Opportunity	Economic performance is a significant opportunity because the company has strategically positioned its core business to capitalize on major, profitable shifts in the global automotive and energy markets, specifically Electric Vehicles (EVs) and Clean Technology.	The processes are deeply linked with innovation and technology for Electric Vehicles	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
13	Corporate governance and Business Ethics	Risk	Sound governance and business ethics are crucial for maintaining the faith and confidence of investors and stakeholders. Ensuring strong governance practices and communicating the same across all levels in the company is important to build a culture that ensures business outcomes are delivered in the right manner and with responsibility	The company has in place an elaborate Code of Conduct for Senior management and other employees which defines the standards of conduct. Further there are systems and processes in place with in-built control mechanisms.	Negative
14	Data privacy & security	Risk	Lucas TVS handles a significant amount of confidential data, including proprietary R&D blueprints, supply chain logistics, employee personal data, and increasingly, customer data related to connected EV components. The regulatory environment for data protection (e.g., India's Digital Personal Data Protection Act - DPDP) is becoming much stricter.	Conducting regular vulnerability assessments, penetration testing, and security audits. Encrypting sensitive data and employing robust access control mechanisms. Developing and implementing clear Data Privacy Policies that ensure adherence to principles of consent, purpose limitation, and storage limitation for personal data	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
15	Risk Management	Risk	As Lucas TVS rapidly transitions into the high-technology, high-investment EV and battery sectors, it faces complex strategic, operational, and financial risks. Ineffective risk identification and management can lead to significant value erosion, production halts, and failure to capitalize on new market opportunities	Establishing a dedicated Risk Management Committee or assigning oversight to the Audit Committee to regularly review, prioritize, and monitor mitigation actions for top enterprise risks. Using scenario planning (e.g., recession, commodity price spikes) to ensure business continuity and strategic agility.	Negative
16	Tax transparency	Risk	Operating across multiple domestic and international jurisdictions (for exports and potential global manufacturing) subjects the company to complex tax laws and increased global scrutiny regarding base erosion and profit shifting (BEPS). Maintaining a reputation for ethical business practice requires high tax transparency.	Adopting a clear, documented Tax Policy that emphasizes ethical compliance and adherence to all national and international tax laws, including transfer pricing rules. Committing to transparent reporting of tax payments and corporate structure	Positive
